

M3 Global Solutions — Funder Package

Do Things That Matter • Racial Reconciliation • Fatherhood Advocacy • Community Power

Origin Story

Nevon Watson's journey into this work was shaped by fatherhood under pressure—military service, job loss before the birth of his son, and no parental leave—compounded by inequities in care. Those experiences led him to build spaces for Black fathers to be seen, heard, and supported from pregnancy through parenting. Today, that lived experience powers the strategy behind M3 Global Solutions.

Our Work & Impact

Our Work

- Power-building & policy advocacy (father-inclusive, RJ, municipal equity)
